The Yarnell Elementary School District Governing Board has held several public study sessions to discuss options for high school attendance choice. Mr. Tim Carter, Yavapai County School Superintendent, has been present for the sessions to work on options for YESD. The school board is responsible for the fiscal management of funds and has reviewed tuition costs.

Currently, our eighth graders have had a choice between Prescott High School and Wickenburg High School. The school board is looking at limiting that choice to one high school. However, most students will still be able to enroll in the second high school under open enrollment. It will be up to that district's discretion to accept a student or not. Transportation will be the parents' responsibility.

By only having one home high school district (which is typical of most rural schools), YESD can help keep local tax-rates down.

If you wish to discuss this issue, you are invited to attend the public hearing and board meeting on November 8th at 2:30 PM.
